Innovative Design Enhanced Durability

Accuride wheel accessories' aggressive styling sets them apart from other products currently available.

With wheel caps 50% larger than similar products and 200% more chrome plating surface, you'll get the bold look that keeps heads turning.

Innovative design is only the half of it...

Not only will the caps look good when you fit them on your truck or trailer, they'll stay looking good and are backed by a two-year industry-leading warranty.

Unlike competing product, Accuride's wheel accessories are manufactured exclusively from automotive-grade polymers, for enhanced heat resistance and durability. These products feature best-in-class automotive-grade chrome plating for incredible durability and long-lasting shine.
