FOR IMMEDIATE RELEASE

Accuride's Fabco Automotive Front Drive Axles and Transfer Cases Now Standard on International[®] WorkStar[®]

EVANSVILLE, Ind. – Aug. 19, 2009 – Today, Accuride Corporation (OTCBB: AURD) announced that its subsidiary, Fabco Automotive Corporation, has been designated as the standard databook position for TC-38 Transfer Cases and FSD series Front Steer Drive Axles for the International[®] WorkStar[®] 7300 and 7400 4x4.

“Fabco’s components offer International customers enhanced on/off highway capabilities for military, utility, construction, oil field, and other vocational vehicle applications,” said Al Sunderland, Fabco’s President. “Our team continually works with our customers to expand and enhance our range of drivetrain solutions to best match future requirements.”

Fabco all wheel drive components are also available on the International[®] DuraStar[®] 4300 with MaxxFORCE[®] 7 and the International[®] PayStar[®] 5500i and 5600i all-wheel drive models.

Fabco maintains one of the broadest selections of proprietary specialty commercial vehicle components in the industry and is a supplier to major and specialty vehicle OEMs globally. Since 1918, Fabco has formed a reputation based upon innovative engineering, sophisticated manufacturing, and responsive customer support. Today, Fabco continues to build on its heritage as a UL Certified TS16949 Tier 1 commercial vehicle industry supplier with a broad range of steer drive axles, transfer cases, split shaft power take

offs, Fabco - Sisu hub reduction planetary drive axles and other industry leading specialty products. With headquarters in Livermore, California, Fabco is an Accuride company. To learn more about Fabco products and solutions, please visit Fabco's web site www.FabcoAutomotive.com.
